

Want to make a difference in the lives of children with autism?

Become a **Breakthrough Autism Instructor!**

Be their **superhero.**

Hi! We're Breakthrough Autism. Every day, we help children with autism, and their families, reach their full potential. We believe that every child should have opportunities to grow in a way that's meaningful to themselves and their loved ones.

We need caring and creative instructors to make our vision come to life! Instructors are superheroes who work directly with our children one-on-one, or in small groups, using Applied Behaviour Analysis (ABA) procedures. They will be casual/part-time Instructors working between 12-18 hours a week on Saturdays and 1-2 additional days during the week at our centre in Richmond Hill or in our clients' homes.

Team members receive comprehensive training.

Want to join our team? Great! If you can check off these items, we'd love to hear from you:

- Experience working with children (if these were children with special needs, that's a bonus!)
- A personality that works well with others, and a strong drive for self-improvement
- High energy and endless patience
- Willingness to work Saturdays (with exception of statutory holiday weekends), and 1-2 days per week
- One of these (completed or in-progress):
 - Behavioural Science Technology Diploma
 - Autism Behavioural Science Certificate
 - Undergraduate degree in Psychology with completed coursework in covering topics of behaviourism and/or learning theory

**Email your resume and cover letter to careers@breakthroughautism.ca.
Write "BA-WS-SS-2018" in the subject line.**
